SDG 1.3 University anti-poverty programmes

1.3.3 - Does your university as a body provide support (e.g. food, housing, transportation, legal services) for students from low income families to enable them to complete university?

- ❖ Northern Technical University provides free [transportation](#) for targeted students, especially low-income students. Modern buses ensure that students can reach the university on time. Many bus routes and timetables are available.

The screenshot shows the Northern Technical University website. The header includes navigation links: HOME, About NTU, Academics, Scientific Research, Sustainability, News & Events, and English. The main content area is titled "Transportation for students at Northern Technical University". It features a large image of two white buses. Below the image, there is a red banner with the text "Student buses schedules" and a "More about" button. To the right, there is a dark grey box with the text "NTU provides Buses to transport students" and a "More about" button.

The Northern Technical University has launched a mission to facilitate the transportation of students from various areas to the university campus, offering this service free of charge.

To support this initiative, the university has deployed mass transportation buses that cater to both male and female students, ensuring safe and efficient travel from their residences to different university locations and back. This service operates on a circular route, adhering to a set timetable for convenience.

In addition to transportation, the university has established comprehensive plans to enhance safety for its students and staff. This includes the availability of ambulances and civil defense vehicles to address emergencies effectively. The Northern Technical University plans to further enhance its transportation services by gradually introducing larger vehicles and additional buses dedicated to serving the student population during official hours, as well as before and after the day's classes.

❖ Northern Technical University [Health Center \(NTUHC\)](#)

The Northern Technical University Health Center (NTUHC) is dedicated to delivering a wide range of health services designed to support the well-being of the entire academic community. With a focus on comprehensive care, NTUHC offers essential medical services, health education, and preventive measures to ensure that both students and staff have access to the resources they need to maintain their health. The center is committed to fostering a healthy environment conducive to learning and personal development, providing support for both physical and mental health needs within the university.

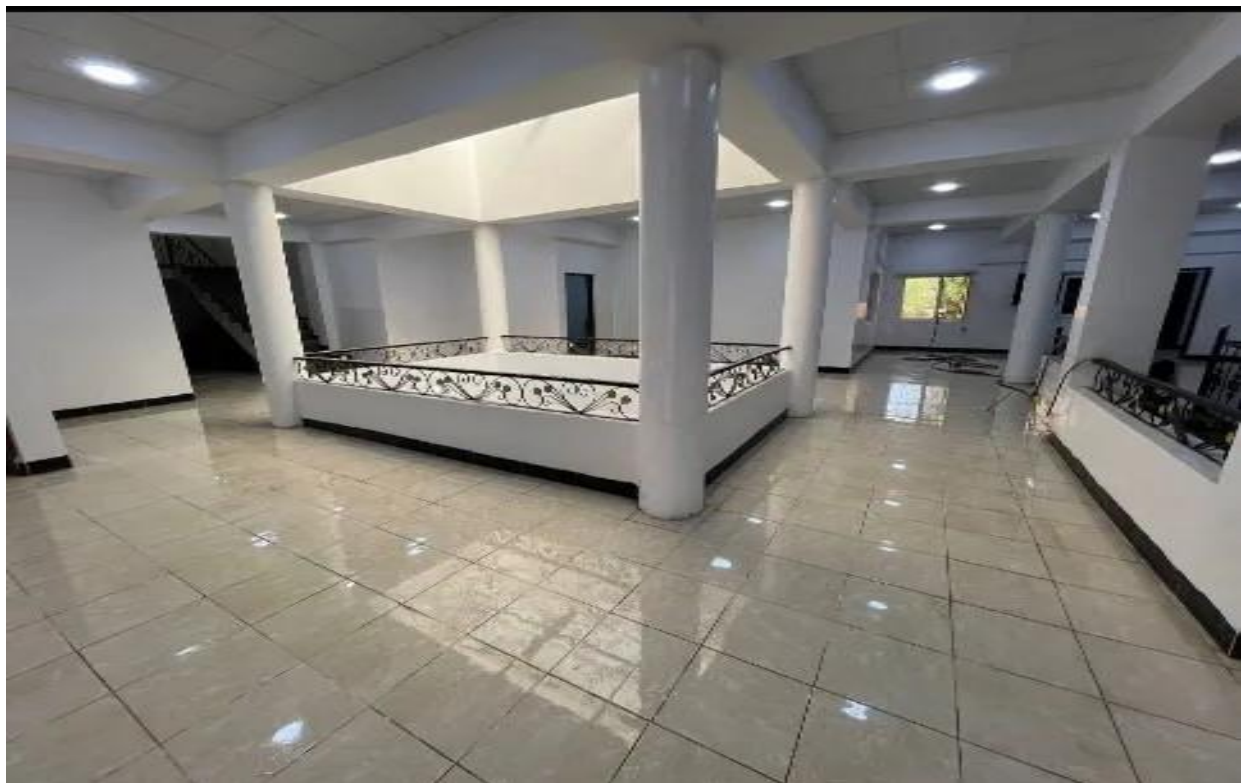

- ❖ The university offers residential complexes for female students on campus, with a total capacity of 1,297 students. These complexes feature furnished rooms equipped with essential services, including internet access, cleaning, maintenance, fuel, and electricity. For male students, the university provides dormitories off-campus, accommodating 1,530 students. These dormitories include all necessary facilities and services. Additionally, the university collaborates with the General Company for Transporting Delegations and Passengers to facilitate transport for students traveling between the dormitories and the campus.

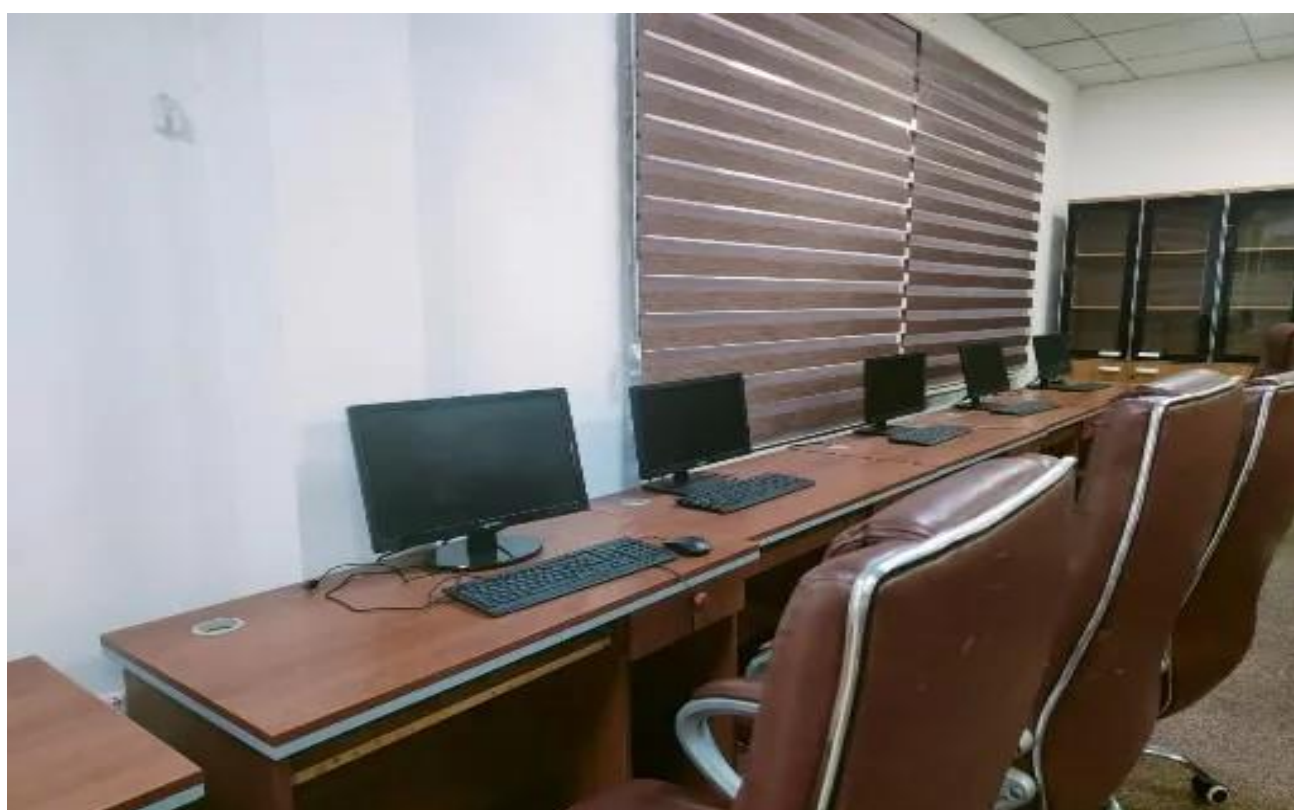

The university charges a dormitory fee of 30,000 dinars per academic year for each student which equivalent to \$20 and is a support and assistance to our dear students who benefit from these services. These facilities are distributed across three governorates: Nineveh, Salahaddin, and Kirkuk. Below are evidence from this residential complexes for the facilities provided.

❖ The group breakfast and Ramadan evening organized by our university for female students of the boarding departments and children of the orphanage in cooperation with the Mosul Sunbulah Company for General Food Industries

- ❖ The [College of Agricultural Technology](#) organizes an Iftar banquet and a Ramadan evening during the last ten days of the holy month of Ramadan.

Under the patronage of the President of the Northern Technical University, Professor Dr. Alia Abbas Ali Al-Attar, and under the supervision of the Dean of the College of Agricultural Technology, Professor Dr. Shihab Ahmed Al-Bajari, the College of Agricultural Technology organized an Iftar banquet and a Ramadan evening in the last ten days of the holy month of Ramadan, in the presence of the Dean of the College, administrative and scientific assistants, retired college professors, heads of scientific departments, faculty members, college affiliates, and a number of students. The evening included a number of activities, including Ramadan competitions and a religious lecture given by Sheikh Marwan Ghanem from the Sunni Endowment Diwan in Nineveh. The winners of the Ramadan competition were also honored in a beautiful atmosphere filled with tranquility, affection, and mercy.

- ❖ Northern Technical University distributes food baskets and cash amounts to the needy in Nineveh Governorate.

The Technical Administrative College distributed a number of food baskets to needy families with limited income, in addition to providing cash amounts to some patients from Nineveh Governorate and on its right and left sides in light of the current health crisis, and coinciding with the advent of the holy month of Ramadan,

Prof. Dr. Dhnoon Younis Dhnoon, Dean of the College, spoke about the initiative and that it came in cooperation with the Media Division and the college members and with the efforts of the student Thamer Ahmed, who delivered those food baskets and cash amounts to needy families and patients from the governorate in light of these difficult circumstances and to alleviate their suffering during the holy month

❖ 5 million and 15 thousand dinars
donated by a group of professors from the Northern Technical University for wells, needy
families, removing rubble, and restoring homes, including 15 thousand zakat al-fitr and 100
thousand food baskets

- ❖ The Northern Technical University family, headed by the University President, celebrates International Workers' Day. On the occasion of International Workers' Day, the Northern Technical University family, headed by the University President, Professor Dr. Alia Abbas Ali Al-Attar, presented a food basket to the university presidency workers in appreciation of this struggling segment that works with all diligence and sincerity in serving the university, asking God to grant them success.

- ❖ In implementation of the urgent appeal launched by the President of the Northern Technical University, the university members responded to the appeal and a committee formed by the university presidency delivered the donations made by the university members to the affected families of our people in the villages of Sharqat. The committee distributed more than 600 foam mattresses, 400 blankets and 350 complete meals. The committee was informed of the extent of the great suffering endured by our people in Sharqat due to the large floods that left great destruction, forcing many families to leave their homes and seek refuge in schools and mosques in other places. The campaign was greatly welcomed and appreciated by our people in Sharqat. Assistant President of the University for Administrative Affairs and Head of the Relief Committee, indicated that the distribution took place in very difficult circumstances, as it was difficult to move through the water and mud. While a member of the Relief Committee, stated that what he saw of suffering was an incentive for us to provide more support a member of the relief committee, stated that the university is about to provide more donations to our people in the affected villages of Sharqat district. Mr. Mushtaq Juma, a member of the committee, participated in distributing the aid and said that our people in Sharqat greatly appreciated this initiative and thanked the university president and its members for what they provided in terms of giving, which indicates their feeling for the suffering of their people, their generosity, and their patriotic and humanitarian sense.

❖ [Ramadan food basket](#) € for students of the internal departments at the Technical Institute / Al-Dour

With a sense of paternal responsibility towards our dear students and coinciding with the days of the holy month of Ramadan, which coincided with the final exams for the academic year 2017/2018, the Deanship and members of the Technical Institute / Al-Dour, one of the formations of the #Northern_Technical_University, presented a food basket as a modest gift to the students of the internal departments (for male and female students), whose number exceeded 🧑🎓🧑🎓🧑🎓🧑🎓 (800) male and female students.

❖ Al-Dour Technical Institute distributes a food basket to female students in the internal departments.

In embodiment of the sense of fatherhood and responsibility of the Deanship and members of Al-Dour Technical Institute towards the female students in the internal departments at the institute and in conjunction with the atmosphere of Ramadan, goodness and blessings, and under the supervision of the respected Dean of the Institute, the Ramadan food basket was distributed to the female students residing in the internal departments complex and the needy families of the service employees at the institute.

- ❖ The Iraqi Red Crescent Society, in collaboration with the Deanship of the Technical Institute in Mosul, provided relief aid to male and female students residing in the internal departments.

❖ Nineveh First Charity Volunteer Team Provides Iftar Meals to Students of the Internal Sections in Al-Mansour Complex ...

On the occasion of the holy month of Ramadan, the "Nineveh First" team and the Ahmed Ismail Mosque Charity Volunteer Team provided Iftar meals to students of our Northern Technical University residing in the internal sections complex in Al-Mansour. This is the second campaign for this charitable volunteer team, as yesterday it provided Iftar meals to the internal sections complex for female students. The students appreciated this kind initiative that reflects a high sense of the spirit of the month of Ramadan, the month of love, cooperation and harmony.
