3.3 Collaborations and health services

3.3.3 - Does your university as a body share sports facilities with the local community, for instance with local schools or with the general public?

Yes, the Northern Technical University has shared our sports facilities in many sports events with the participation of the local community, such as hosting football, Ping-Pong, basketball, chess and other sports events in the university's stadiums, in addition to organizing many sports competitions in various interests.
