

Northern Technical University
Technical Engineering College / Mosul
Department of Power Mechanics Techniques Engineering
Final Examination Schedule for Undergraduate Programs / Technical Bachelor's Program
First Semester / Academic Year 2025–2026

Day	Date	Department	4- Power Mechanics Techniques Engineering						
		Study Level and Branch	2 nd Level General	4 th Level Renewable Energy	4 th Level Production & Automation	4 th Level Refrigeration & Air Conditioning	3 rd Level Renewable Energy	3 rd Level Refrigeration & Air Conditioning	Courses attempts
Sunday	28/12/2025	First Group					Biofuel	Thermal Systems Design	Mathematics 2 Machines Theory 2
Monday	29/12/2025	Second Group	Principles of Refrigeration and Air Conditioning	Renewable Energy	Robotics Arms Engineering	Refrigeration Systems			
Tuesday	30/12/2025	First Group					English Language	English Language	
Wednesday	31/12/2025	Second Group		Engineering Management	Engineering Management	Engineering Management			
Sunday	4/1/2026	Second Group	Fluid Mechanics	Thermal Power Plants	Advanced Engineering Materials	Thermal Power Plants			
Monday	5/1/2025	First Group					Engineering Analysis	Engineering Analysis	
Wednesday	7/1/2025	Second Group	Crimes of the Baath Party	PV Energy Conversion	Systems Modeling and Simulation	Air Conditioning Systems			
Thursday	8/1/2025	First Group					Mechanical Design	Mechanical Design	
Saturday	10/1/2025	Second Group		Combustion Engineering	Automation Systems				Maintenance of Refrigeration and Air Conditioning Systems
Sunday	11/1/2025	First Group					Heat Transfer	Heat Transfer	Thermodynamics 4 Electrical and Electronic Engineering
Monday	12/1/2025	Second Group	Mathematics	Engineering Measurement and Control Systems	Engineering Measurement and Control Systems	Engineering Measurement and Control Systems			
Tuesday	13/1/2025	First Group					Renewable Energy	Drawing of A/C Systems	
Wednesday	14/1/2025	Second Group	Mechanical Drawing	Scientific Research Methodology	Scientific Research Methodology	Scientific Research Methodology			
Thursday	15/1/2025	First Group							Vibrations
